

SILENI
SILENI ESTATES

SINGLE VINEYARD SERIES HAWKE'S BAY

“Over the last few years as our vineyards have begun to reach maturity, we have started to produce small volumes of exceptional quality and interesting wine which reflect the particular flavours and styles that we can achieve from the best vineyard sites. For us it is all about producing unique wines with depth of flavour and fruit ripeness that reflect their site and the winemakers vision for that style.

These wines may not be produced in every vintage and their style may not always be mainstream, but they will be consistently high quality and often a pointer to where we believe wine styles may evolve to over time. They will always be food-friendly wines, with an emphasis on balance and sophistication.”

**THE DON
HAWKE'S BAY
RIESLING**

VINEYARDS

Riesling is sourced from Don & Jean Brown's Demak Brae vineyard located in the heart of the Ngatarawa Triangle and is named after Don. Low crop yield and the gravel soils ensure a Riesling with complexity and depth.

TASTING NOTES

The Don Riesling has concentrated honeysuckle/citrus flavours with a backbone of mineral acidity and an off-dry finish. Drink it young and vibrantly fresh, or cellar it for several years to develop more depth and toasty complexity.

**THE PACEMAKER
HAWKE'S BAY
CABERNET FRANC**

VINEYARDS

Sourced from Don and Jean Brown's Demak Brae vineyard located in the heart of the Ngatarawa Triangle close to the Sileni Estates Winery. Prior to semi-retirement, Don's previous occupation was selling medical equipment, hence the name of the wine - The Pacemaker.

TASTING NOTES

The Pacemaker Cabernet Franc has ripe, concentrated plum, red berry and spice flavours. Soft and velvety tannins provide the backbone for a wine that will cellar comfortably for a decade.

**THE PLAINS
HAWKE'S BAY
MERLOT FRANC**

VINEYARDS

Also from Don and Jean Brown's Demak Brae vineyard, this Merlot and Cabernet Franc blend is named after the alluvial plains formed by old river beds where many of Hawke's Bay finest vineyards are located.

TASTING NOTES

The Plains Merlot Franc has ripe blackberry, mocha and floral flavours. Smooth and mouthfilling tannins provide a rich red wine that will reward cellaring of up to 10 years.

**THE PEAK
HAWKE'S BAY
SYRAH**

VINEYARDS

This single vineyard wine is from the Demak Brae block in the Triangle sub-region of Hawkes Bay. Soils are a thin layer of silt loam over 'Redmetal' gravels - warm, free draining and excellent for red wine production.

TASTING NOTES

The Peak Syrah has rich black plum and spice characters with soft, supple tannins. Enjoy up to eight years from vintage.
